NEW **GroundGuard**

FloPlast are pleased to announce the launch of their **NEW GroundGuard** system.

GroundGuard is a linked paving system, manufactured from Polyethylene, that provides a durable safe and eco-friendly surface for grass reinforcement, ground stabilisation and gravel retention for pedestrian and vehicle access areas.

- Simple to install.
- Tested in excess of 200 tonnes per square metre spread load.
- Easy clip design.
- Made from polyethylene.
- GroundGuard filled with grass or gravel provides a rainwater run off that is compliant as a SUDS source control.

GroundGuard is suitable for:

- Additional/overflow grass car parks.
- Walkways and disabled access routes.
- Golf buggy paths.
- Driveways and residential lawn parking.

Tiles

Code G40

Pack of 20 = 3.04 square metres 1 Tile = 390 x 390 x 40mm
